470 Country Lane #5, Santa Clara

HOME: "La Canterna" is located within the Villa Bonita gated community, which backs to the Sand Hollow Wash open space, including a tennis court and large grassed park. This Mediterranean "Old World" style home features a large privacy courtyard, large kitchen and family room, elegant master bedroom, and a spectacular theater and game room. The unique floor plan includes 30 tons of hand-carved stone, custom wrought iron doors, elegant ceiling treatments, lighting, and "Old World" décor. The backyard decks, patio, swimming pool and integrated spa have spectacular views of Snow Canyon and Pine Valley Mountains.

BUILDER: Michael Hardman, owner of Research Homes, Inc., has been building homes in Utah for over 26 years. Michael has a high capacity to understand his clients' needs and then convey this information to the area's best architects, designers and subcontractors. His talent has earned his reputation for being one of Utah's finest builders. Michael Hardman's unique ability to envision helps him create truly spectacular homes. The quality inherent in each Research Homes project is the result of years of experience and a passion to provide the very best home built.
